Date of Issue 07/12/12

Certificate Number 702-502-255

Page 1 of 1

**Product** Multifibre Adjacent Fabric DW  
**Stock Codes** 702-502  
**Batch Number** 1025  
**Standard(s)** ISO 105: F10

## Our Guarantee

All Test and Reference Materials, manufactured and supplied by James Heal, are tested by external, UKAS (United Kingdom Accreditation Service) accredited, independent Test Houses as well as by our own on site (ISO 17025) Laboratory.

Supplementary performance testing is undertaken to ensure that products are fit for purpose.

Test and Reference Materials are not released, unless they conform to the required standards and specifications.

## Test Report

For dye injection test as per ISO 105-F10 Annex A.

Dyes	Test Report Pass/Fail
Irgalan Orange RL-KWL 250%	Pass
Solophenyl Blue GL 230%	Pass
Terasil Yellow 2GE 200%	Pass
Terasil Navy Blue BGLN	Pass

## Traceable Batch Numbers

Packaging is designed to protect the products in transit and, in many cases, to make them easy to dispense and to use.

The content of each package is labelled with a precise description, which includes a unique and traceable batch number. Should you have a query about the product, please advise this batch number.

## Product Certification

We hereby certify that the products to which this Certificate relates have been manufactured to conform to the indicated standards.
